Frequently Asked Questions

Q: HOW LONG AFTER SUBMITTING MY APPLICATION CAN I MOVE IN?

We are receiving a high volume of resident applications. The current estimate from the time you submit your application form, medical assessment, and medication list to the time of move in is at least two weeks. This is due to the time that each appointment leading up to a move in takes. The medical review appointment takes approximately one hour, and the lease appointment takes approximately two hours.

FRIENDLY REMINDER:

We cannot book your move in date until your application form, medical assessment, and medication list have been received, and your medical review and lease signing appointments are completed.
